Mrs. Seright Relates Experiences Of California Trip

NOTE: Mrs. Daisy M. Seright of The Daily Register is spending a vacation in San Pedro, Calif., with her sister, Mrs. R. T. Jenkins; at Los Angeles with her brother and sister-in-law, Mr. and Mrs. Lynn Boozie; and visited at Oakdale, Calif., former home of her parents, where her sister-in-law, Mrs. Jim Boozie, now lives. In this column and one tomorrow Mrs. Seright relates her experiences in a letter written to Harrisburg.

"Dear Folks:

"I am writing this for any of you to read, as I am going to tell you what I have done since leaving Harrisburg.

"My flight out from St. Louis was perfect—very smooth, and I really did enjoy the trip. We were running ahead of time all the way, so when we got to the Grand Canyon, we circled it so everyone on both sides of the plane could see it. We flew low as we could and it was a beautiful sight. We could see plainly the tracks the mules take when the people go down into the lower levels.

"We arrived in Los Angeles 45 minutes early, but fortunately my family had also arrived early. We all went to Lynn's for dinner and had a regular family reunion.

"We have taken many lovely drives around the ocean and hills. We spent one day at Laguna where there are so many artists in residence, and where ceramic and paintings of many of them are for sale in shops. It is a beautiful city situated on the side of a hill overlooking the ocean, about 50 miles south of here.

"On Sunday we went to Chinatown, in the heart of Los Angeles near the old Plaza. We ate Chinese food and each ordered a different dinner so we could taste all the

Lists Severe Consequences:

Speed Foreign Aid: Ike

THOMASVILLE, Ga. (AP) — President Eisenhower today asked Congress for \$3,942,000,000 for foreign aid and warned that discontinuing or sharply reducing this mutual security program ultimately would leave the United States standing almost alone in a world dominated by international communism.

From his vacation headquarters here, the chief executive sent a special message to Congress asking speedy action on the request for nearly four billion dollars for the fiscal year beginning next June 30.

"It is my duty to make clear my profound conviction that the vigorous advancement of this program is our only logical course," Eisenhower said.

There is an alternative, he said—discontinue or sharply reduce it. Anyone who wants to consider this alternative "must measure well" these consequences, the President said:

Severe dislocation and basic impairment of the power of the free world.

A certain crumbling, under Sino-Soviet pressures, of our strategic — overseas position, which would be forced back toward U. S. shores.

A "massive increase" in the defense budget, necessitating tax increases.

A heavy increase in draft quotas.

"Ultimately, a beleaguered America, her freedom limited by mounting defense costs, and al-

most alone in a world dominated by international communism."

Where Funds Would Go

The President broke down his \$3,942,000,000 in requested mutual security—foreign aid funds this way:

Military assistance to Allied and associated nations—weapons for the NATO, Baghdad Pact, South East Asia Treaty Organization and other Allies, \$1,800,000,000.

Defense support to 12 free nations supporting "substantial military forces," of which 70 per cent would go to Korea, Nation alist China, Viet Nam and Turkey, \$835,000,000.

Special assistance to help maintain political and economic stability in nations where the U. S.

Mother, Three Sons Perish in Fire at Cutler

CUTLER, Ill. (AP) — A mother and her three small sons perished in a fire that swept their four-room tarpaper-covered home early today.

Perry County Coroner John Gaetz identified the victims as Mrs. Albert Earl Smith Jr., 20; Bruce, 3; Thomas, 2; and Earl Gene, 2 months.

Authorities said the father, a part-time worker for the state Conservation Department, had left home Tuesday afternoon with a brother to work on a car. He arrived home at 3 a. m. today to find it and his family destroyed.

The bodies of the mother and the two elder boys were recovered about 8:45 a. m. Gaetz said authorities are still probing the ruins for the baby's body.

He said the fire apparently started from an overheated coal stove in the bedroom where all the bodies were found.

The mother was found on the floor and the two older children were in separate beds. All the bodies were badly burned.

County Teachers Institute at Junior Hi Friday

The Saline County Education Association Institute program will be held at Harrisburg Junior high school Friday with the program featuring group meetings at which there will be panel discussions.

There also will be election of county association officers. At present Jack Large is president, Ben Brinkley is vice president and Raymond Rann is secretary-treasurer.

The institute will start at 9:15 a. m. with the invocation by the Rev. Ammon, followed by music from the Carrier Mills grade school, where Rena Brackney is director, and from Carrier Mills high school, where Tom Whiteside is instructor.

Next will be the business session at which officers will be elected and the social period under the director of Louie Beltz.

There will be group meetings from 10:45 until 11:45 a. m.

After music from Galatia high school, where Mrs. Tom Whiteside is instructor, there will be more group meetings. There will follow the recognition of new teachers by County Superintendent C. R. Gardner and the benediction by John Murphy, assistant county superintendent.

Teachers will remain in their same rooms for the panel discussions, with panel members rotating. The subjects of the panel discussions and the panel chairmen: Teachers' Standards, Russell Mallon; Public Relations, Eltis Henson; Teacher Retirement, J. Ward Barnes; New Legislation, C. R. Gardner.

Doctors Admit Campanella Shows No Improvement

GLEN COVE, N. Y. (AP) — Doctors admitted today that Roy Campanella's paralysis has "not shown any further improvement" for the past two weeks but insisted they are "still hopeful" that his condition will improve.

"However, the longer the paralysis remains unchanged, the less one can expect for the future," said Harry C. Gifford, administrator of Glen Cove Community Hospital where Campanella has been a patient since suffering a broken neck in an auto accident on Jan. 28.

Gifford disclosed that Campanella's paralytic condition actually has worsened slightly in recent days.

Harrisburg Nat'l Donates Space For SVDA Office

The Saline Valley Development Association today had one of the finest rooms obtainable for its headquarters.

It is the former director's room of the Harrisburg National bank on the mezzanine floor of the bank building. The room will be elegant and it's all free, including heat, lights, water and air-conditioning.

The room was accepted Tuesday night at Shawneetown at a meeting of the SVDA's executive board, consisting of member from Gallatin and Saline counties. The board expressed its gratitude for the fine offer by the bank directors.

The room is about 16 by 30 feet in dimensions and has a rest room. The floor is carpeted and the room has a long conference table and a number of chairs that are available.

Ewell Winkleman, SVDA president, said he hoped the new headquarters can be occupied by the end of the week and that the executive board can hold its meeting there next Tuesday evening.

The industrial committees of the various communities met also at Shawneetown Tuesday night and planned the work of collecting material for the two-county brochure which will be used in the SVDA exhibit at the Industrial Exposition in New York City in April.

The committees announced that some people will be asked to help in formulating the brochure and that they hoped for 100 per cent co-operation from those who are asked.

Farm Bureau, Personnel of Other Agencies Move Into New Building

The Saline County Farm Bureau personnel moved into the new Farm Bureau building on Robinson street over the weekend and with them went the personnel of several related agencies that had been with the Farm Bureau at the Gun street location.

A number of things remain to be done at the building, such as furnishing the basement and land-

scaping the grounds, but for all practical purposes the building is completed and work is progressing well inside the \$60,000 concrete and brick structure.

A look at the new quarters reveals the business office at the front of the main floor, where Madeline Horn, Mary Pickford, Lee Kaid and Juanita Stallings are employed.

The office of L. B. Kimmel, farm adviser, is at the front on the east side of the building and back of his quarters are the offices of Raymond Vinyard, organization director, the district claims office of Country Mutual Insurance Co., in which Dave Simmons is supervisor and Geraldine Ewell is secretary, and the office of Harry Leitch, county auditor.

At the front part of the west side is the office of Lady Martin Hunt, home adviser, and her secretary, Vivian Harris.

Also on the west side are the offices of Leo Pfeiffer, agency manager, and L. O. Starnes and Robert Read, special agents.

Having headquarters at the Farm Bureau building, too, is Howard Plunket of the Southern Illinois Breeders' association.

The spacious basement will have a meeting room to accommodate about 100 persons, kitchen, furnace room, soil testing laboratory and two storage rooms.

Upstairs the offices have tiled flooring and there is rubber tiling in the lobby. There is recessed fluorescent lighting.

The structure was built by the Perkins Construction Co. of Harrisburg from plans drawn by E. T. Thomas, also of Harrisburg.

Warming Trend Drifting Into Midwest; Airlift Aid to Snowbound

By United Press
Winter's prolonged cold and snow clung stubbornly to the East today, clogging river, rail and road transportation. Helicopters flew errands of mercy to the sick and the snow-bound.

There was one ray of hope, however, in the 13-day cold wave — a warming trend drifted from the plains into the Midwest and was pushing its way eastward.

But the moderating temperatures were not enough to lift the stinging cold from the heat-starved Southeast or break jams of ice and snow in the northeastern and mid-western blizzard belts.

A new storm dumped 21 inches of snow on South Bend, Ind., Tuesday, further crippling transportation in northwestern Indiana. Army helicopters from Chicago airlifted 21 persons, including sick children and expectant mothers, from their snowbound farm homes near Michigan City, Ind.

Weather Toll High

A United Press count showed a total of 423 weather-connected deaths since the start of the cold,

stormy weather Feb. 6. The South alone reported at least 112 weather fatalities, and 141 of the deaths in the East were blamed on last weekend's blizzard.

In the East, the Pennsylvania Railroad was forced to cancel 58 trains Tuesday when snow short-circuited its electric locomotives. All sleeping car service to Washington, Baltimore, Cleveland, Buffalo and Philadelphia was knocked out.

Other trains ran from hours to almost a day late. The New Haven Railroad's "The Colonial" arrived more than 22 hours late on a trip from Washington to Boston Tuesday afternoon. A passenger, Clifford Schnaible of Lake Forest, Ill., said the trip was "the most miserable experience I've ever had" as there was "very little heat and practically no food all the way."

The Far West, meanwhile, was battered by a tropical-type storm that brought flood threats to north-central California. Officials said the flood danger so far was not critical, but advised a careful watch, particularly in the Santa Cruz area.

Continuing to Grow; Traffic Nearly Halted

More Than Hundred Boats Tied Up at Cairo, Cape Girardeau

ST. LOUIS (AP) — A dam of ice bridged a 27-mile stretch of the Mississippi River from Cairo, Ill., north today and continued to build at the rate of four miles a day.

River traffic was nearly frozen in.

Col. Charles B. Schweizer, district Army engineer, said water had risen a foot at Cape Girardeau, Mo., above Cairo. But the gorge was only four feet deep in an area where water normally would be about nine feet deep at this time of year.

"If the gorge continues to grow," he added, "the Mississippi will become a river of ice at that point." Water pressure against the dam could eventually push the ice mass downstream, he said, or the dam could simply keep building.

More than a hundred boats were tied up at Cairo and Cape Girardeau while a dozen others inched upstream. One towboat got halfway through the gorge Tuesday, making about 13 miles in a 24-hour period.

Schweizer said the boats were not in danger "for the time being. I have never heard of one of these boats being squashed by the ice."

Most of the tows carry a crew of 10 to 15 men, he said.

Slight increases in temperatures today will have little effect on the ice, he said. "It takes a long time to warm it up."

Schweizer made his second flight over the Mississippi Tuesday. He reported heavy floating ice on the Ohio River at its junction with the Mississippi near Cairo.

To the north, the Illinois River apparently was frozen from the mouth near Alton, Ill., clear into the Chicago area, he said.

Schweizer said the last important gorge in the Ohio-Mississippi area was in 1950. Another occurred in 1936.

Dr. Johnson Heads Medical Staff of Lightner Hospital

Dr. G. R. Johnson of Harrisburg was elected president of the medical staff of the Harrisburg Medical Foundation at a regular meeting of the staff held Monday evening, succeeding Dr. W. D. Tuttle.

Dr. Frank P. Skaggs was re-elected secretary. Dr. Tuttle was elected chief of surgery, Dr. Johnson chief of obstetrics and Dr. B. E. Montgomery chief of medicine.

The Harrisburg Medical Foundation, a non-profit organization, operates the Lightner hospital. The medical staff operates in regard to administration and has charge of the functioning of the medical, surgical and obstetrical departments of the Foundation.

Dr. John Choisser was elected to membership on the staff at the meeting. Membership is composed of physicians and surgeons generally, but not necessarily residing in this area, and membership is by petition of those who are qualified physicians and surgeons.

At the staff meeting, a regular monthly event at which attendance of staff members is required, Dr. A. W. Rateliff, Evansville pathologist, and his assistant, Dr. David Orrahood, held a conference and lecture on clinical pathology.

Is Public Unconcerned

Editorial — BY BRUCE BLOSSAT

There seems to be some dispute
these days over just how deeply
Americans are concerned about
some of the graver issues of the
time.

House Speaker Sam Rayburn
says he thinks both the adminis-
tration and Congress are under-
estimating the people, that they
are ready and willing to make any
necessary sacrifices to safeguard
their security and promote their
well-being.

Others say there is no substan-
tial evidence that people in this
country are sufficiently stirred
either over Russia's missile ad-
vantage or such domestic prob-
lems as inadequate housing, de-
fects and shortages in our educa-
tional system, and the still heavy
traffic fatalities.

Politicians' first judgments were
that the Soviet satellite launchings
of late 1957 had really built a fire
of popular alarm in every hamlet
and city in America. Now they
aren't so sure it was more than
a flicker.

Public reaction to our own suc-
cessful space vehicle launching has
been described as tame. People's
minds appear to be elsewhere.

If they are on such things as
education, housing, crime and traf-
fic safety, their concern is well
masked.

Officials report a good deal of
public indifference in the matter
of highway fatalities. Good hous-
ing adequate to their needs is be-
yond the financial reach of many
in both low and middle income
groups. The crime problem, in-
creasingly rampant among juve-
niles, is barely nibbled at.

Thousands of teachers are under-
paid or undertrained, and thou-
sands upon thousands of youngsters
go to school in overcrowded or in-
adequate buildings. All too few
study the tough subjects that will
fit them for a tough world.

Some of these things are sup-
posed to be matters for local ac-
tion. According to all accounts,
not too much action has been forth-
coming at that level.

If the people really do care, they
seem not to have impressed either
their local leaders or the men in
Washington who can act on the na-
tional plane. Though Rayburn
thinks they do, even he concedes
they aren't showing it.

Some will say people are preoc-
cupied with thinning pocketbooks
in this continuing recession. Others
argue that even in the best of
times too many of us focus narrow-
ly on our material well-being—at
the expense of defense, education,
etc.

When people want action they
can always get it. And they don't
have to write their congressmen
to convey the idea. Right now, at
both ends of Pennsylvania Avenue
in Washington, our leaders have
their antennae up, waiting for the
strong signals that have not come.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
FCC Chairman's Son Hired
By TV Station With Important
Problem Before FCC: It
Got What It Wanted: There's
A Reason Why Michigan's
Congressman Bennett Sud-
denly Became Hostile To In-
vestigating FCC.

WASHINGTON. — This column
recently revealed how George
McConaughy, when chairman
of the Federal Communications
Commission, asked the head of a
powerful network, Frank Stanton
of CBS, to find a job for McCon-
aughy's son, David. Here is
another interesting chapter in the
story, showing how close FCC
commissioners have been to TV
operators.

Stanton gave young David McCon-
aughy sound advice, namely
not to take a job with a station
which had matters pending
before the commission of which
his father was chairman.

But young McConaughy did
just the opposite. A youngster
just out of the Army with no TV
experience, he should have stay-
ed out of the TV industry alto-
gether. Almost every TV station
has some kind of problem before
the FCC. Nevertheless, his father,
supposed to be completely im-
partial in passing on all TV ap-
plications intervened to help him
get a job.

With his father's approval
young McConaughy went to
work for WJIM in Lansing,
Mich., a VHF station which was
trying to keep all other VHF li-
censes out of Lansing. This was
a question for the FCC and young
McConaughy's father to decide.
It was due to come up for deci-
sion just after David, McCon-
aughy went to work for WJIM
in Lansing.

In opposition to WJIM was
WTOM-TV, using Channel 54, ul-
tra-high frequency. WTOM want-
ed to transfer to a VHF and peti-
tioned the FCC to drop in Chan-
nel 11 in Lansing. The matter
came directly before Chairman

McConaughy. When a repre-
sentative of Channel 54 talked to
him, he was bluntly negative. He
doubted whether there was a
chance of giving a VHF channel
to WTOM for a good many years
—possibly 10 years.

Whereupon WTOM-TV went out
of business. Whereupon young
David McConaughy left the sta-
tion which had been success-
ful in keeping its rival from get-
ting a new frequency.

By this time, it was known
that David's father would be out
as chairman of the FCC and no
longer able to help. Finally David,
a very nice boy, was not pull-
ing in too much business as a
salesman for WJIM. So he went
to work as a salesman for WOOD
TV in Grand Rapids, Mich., own-
ed by Time, Life and Fortune
which also has problems before
the FCC because of the long
string of TV-Radio stations these
magazines have acquired.

CONGRESSMAN'S SWITCHEROO
One of the most interesting
backstage switches behind the
closed doors of the legislative
oversight committee has been
that of Congressman John Ben-
nett, the Michigan Republican.

Bennett comes from the iron
ore section of upper Michigan
and makes a great play for the
AFL-CIO vote. At the start of
the investigation he voted for a
full probe of the so-called inde-
pendent agencies which actually
have been so dependent on the
lobbyists. Then suddenly he
switched.

In secret session after session
it has been Bennett, the alleged
pro-laborite, who has backed and
battered Dr. Bernard Schwartz
and tried to hamstring the inves-
tigation. No one, not even Oren
Harris, the Arkansas Democrat
has been more obstructionist than
Bennett.

Here are some interesting
facts about the GOP congress-
man from upper Michigan who
give insight into his switcheroo.

Bennett's big backer in upper
Michigan is Frank Russell, own-
er of the Marquette Mining Jour-
nal, the Iron Mountain News, and
heavily interested also in radio
and television. In fact, publisher
Russell so dominates the news
in upper Michigan that it's diffi-
cult for a congressman to get
elected without his support. Up
to now, publisher Russell has
been 100 per cent in Congress-
man Bennett's corner.

But publisher Russell has prob-
lems before the Federal Com-
munications Commission—one of
the agencies Dr. Schwartz has
wanted to investigate and which
Congressman Bennett doesn't
want to have investigated.

He has just purchased a pro-
posed TV channel in Ironwood,
Mich., from William L. Johnson
which with the ownership of ra-
dio station WMIQ in Iron Mount-
ain, plus radio station WDMJ in
Marquette, plus TV station WDMJ
in Marquette, and the Marquette
Mining Journal, gives him a fur-
ther monopoly-hold on what the
readers of upper Michigan read.
It also happens that publisher
Russell secured Channel 6 in
Marquette, Mich., in opposition to
Channel 6 in Duluth, Minn. Sta-
tion WDSM-TV in Duluth used to
come into northern Michigan and
cover Marquette, and when Rus-
sell applied for Channel 6, many
local residents wanted him to get
some other channel so they could
listen to more channels and more
programs.

However, publisher Russell was
able to get what he wanted from
the FCC—just how is his secret.
He got Channel 6. This, plus his
news monopoly hold on the north-
ern peninsula, could be one of
the things which Congressman
Bennett, doesn't want to have in-
vestigated. At any rate, he's
certainly been working hard to
stymie the entire probe.

WASHINGTON PIPELINE

Elmo Roper, the pollster, has
completed a secret survey for
the AFL-CIO regarding labor at-
titudes in the South. The sur-
vey reveals that the South is so
anti-union that he AFL-CIO has
abandoned plans to unionize new
industries moving south of the
Mason-Dixon Line. Congress-
man Heselton of Massachusetts,
who helped the backstage move
to hush up the FCC scandals, may
have trouble getting re-elected.
Professor James Burns of Wil-
liams College will probably run
against him. Heselton tried to
block the House investigation in-
to the FCC in order to protect the
Boston Herald and Traveler's TV
grab, which faces investigation.

Voter Registration Not Open to Political Inspection: Castle

SPRINGFIELD (UP)—Atty. Gen.
Latham Castle held today in an
official opinion that permanent vot-
er registration records can be in-
spected only by registration offi-
cials and are not open to inspection
by political party workers or other
persons.

However, Castle held that regis-
tration officials may, upon request,
furnish the name, address and po-
litical party affiliation as shown on
the permanent registration records
to other persons.

Poll lists made up of certificates
signed by voters at the time of
balloting are open to public in-
spection, Castle ruled. He issued
his opinion at the request of Kane
County State's Atty. John C. Fried-
land.

Thinking It Over

By Robert L. Diefenbacher, D.D.
(Written for NEA Service)

Humility reigns again today as
we enter the Lenten season. Easter
will soon be here but we must do
a great deal of preparation for the
anniversary of the Resurrec-
tion. Jesus went through a very
trying six weeks before He was
"crucified, dead and buried."

We cannot walk all of the way
with Him on the Via Dolorosa. We
can, however, take stock of our-
selves and determine whether we
are adding to His suffering. Are
we selling Him for a few pieces
of worldly silver? Are we denying
Him before the multitudes? Are
we going apart from Him when
He needs our support?

The humility of Ash Wednesday

IT'S A CRIME!—Yup—there's a crime being committed here.
It's a crime against the No. 1 taboo of Western movies—that the

but they've got plenty of company—Heroes in modern Westerns
are knocking the movies' traditional 10 commandments all galley-

TUBERCULIN TESTING SCHEDULED IN HIGH SCHOOLS FEB. 24-25

The tuberculin testing program
in the Saline county high schools
is scheduled for Feb. 24 and 25.
Tuberculin tests will be given
in the Harrisburg Township high
school Monday, Feb. 24, at 8:30
a. m. and in the Carrier Mills
high school at 1 p. m. On Tues-
day, Feb. 25, tests will be given
in the Eldorado high school at
6:30 a. m. and in the Galatia high
school at 1 p. m.

This program is sponsored by
the Egyptian Health Department
and the Saline County Tubercu-
losis Association. High school
students are urged to take ad-
vantage of this opportunity to get
a tuberculin test. All students
are given a consent slip for their
parents' signature authorizing
them to receive the tuberculin
test. The health department is
looking forward to a 100 percent
student participation in all schools
this year.

This simple skin test can show
whether you have any TB germs
in your body. All that's done is
to put some clear fluid called tu-
berculin between the layers of the
skin, usually on the forearm.

The place on the skin where the
test has been made will be ex-
amined three days later. When
the doctor has checked the size,
shape, and color of the mark, you
will be told one of two things.

Your test is negative or positive.
If your test is negative, this
means that your body contains
no TB germs. If your test is pos-
itive, this does not mean that you
have tuberculosis, but that some
germs have entered your body
at one time or other. If your
health is good, your body usually
keeps those germs from doing
any damage. However, you
should have a chest x-ray to be
sure. It can show whether or not
any harm has been done. If a
student has a positive reaction
they will be given a free chest
x-ray when the mobile x-ray unit
visits the county in March.

Tuberculosis spreads from per-
son to person. If you check your
health regularly, you and every-
one around you will have a better
chance of staying free from TB.

Wesleyan Service Guild Senior Unit Holds Meeting at Methodist Church

The Senior unit of Wesleyan Service Guild of the First Methodist church held its January meeting Monday evening, in the church parlor.

Miss Alice Mount, president, presided and Mrs. W. L. Cummins gave the opening prayer. The devotional portion of the program was conducted by Mrs. Ruth Westbrook who used as her subject, "Understand Our World in the Spirit of Christ." She spoke of the increased population of the world and its increased problems; how dependent one nation is on another nation for the commodities of everyday living. She told of the many contrasts of the American life to poverty stricken areas of the world and our responsibility to help relieve those conditions. She concluded her remarks with the fact that we are our brother's keeper and this is our Father's world.

Miss Mount, who had arranged a worship setting, explained that it was a display of the flags of the nations in which the Guild and Woman's Society of Christian Service has work projects. The quadrennial goals, listed on a large poster was also a part of the display.

Mrs. Lilly Wing, a member of the local WSCS, and the conference secretary of Christian Social Relations, was the guest speaker. She was one of a group of sixty women who attended a seminar last October sponsored by the Woman's Society of Christian Service for all jurisdictional, district and conference secretaries in that particular department of

work. The sessions were held in the United Nations building and also in Washington, D. C. Women from twenty-two states were in the group.

Mrs. Wing said there was too much to tell about the whole seminar in one evening's time so she confined her talk about the most interesting women she met on her trip. She told of her surprise to learn that many of the delegates to the U. N. are women. She told how they were guests of Mrs. Alice Leopold, director of the Woman's Bureau, Department of Labor in Washington and she related many facts and figures about the working women in the United States. She concluded her talk by saying that the purpose of the seminar was to "understand our world in the spirit of Christ."

During the business session correspondence was read announcing that there will be a Harrisburg District Guild meeting in McLeansboro on March 2 at 2:30 p. m. and also on March 23, a conference meeting at Mt. Vernon. First church. Mention was also made of making last minute reservations for the National Assembly Guild weekend to be held in St. Louis May 9 to 11.

Members were also reminded of the World Day of Prayer on Friday evening to be held at the Methodist church and of the 24-hour prayer vigil in preparation for that day and the Lenten season.

Miss Kathy Mode, youth director of the church, announced that invitations had been sent out for a meeting this Tuesday evening of the high school age girls interested in organizing a Guild. Prospects of organizing this group are bright

Men's Store

IN A DILEMMA . . . "Hot" money is illegal . . . and "cold cash" is hard to get, especially when you're trying to sell men's suits like these for \$28.95. They're all wool, bright and real "dogs." Only 15 of 'em (thank you) that we're gonna have to offer during "dog days" at a mere **\$16.88**

WANT SMITHIN' ARRESTING? . . . Well, you've come to the right place. These neckties have been resting some time now. Haven't even budged at \$1.50 for many a moon. Though they are kind to your throat, you don't have to wear 'em. They'll make nice patchwork quilts at just **2 FOR 1.00**

YOU, TOO, CAN BE A JESSE JAMES . . . really "kill 'em" with one of these doggone men's dress shirts. Some white, some not so white, some fancy. Wasn't selection 'cause you had 160 to pick from. BELIEVE IT, BELIEVED . . . though it may seem strange, we acquired these by mistake. A much bigger mistake than we originally thought. TOO HOT IN YOUR WAISTS . . . You've been as unemotional as a baseball umpire every time we tried to interest you in these men's dress shirts. Some white, some not so white, some fancy. MODEL "TV" . . . but for only one passenger, and we're still looking for him . . . in fact 21 of 'em that would like one of these men's \$1.95 long sleeve T-shirts during "dog days" at a low **77c**

A FUR PIECE . . . to go to get \$6.50 to \$10.95 for any one of this group of 15 fur felt hats. They're fur alright, but haven't been felt much to date. But "ouch" we'll feel it to tomorrow when you don one of \$ **3.88**

Of course there are many other "Dogs." Time and space ran out.

"Dogs" in the merchant's language are items of merchandise that customers didn't want or didn't buy and have been around too long for their own good. It's merchandise under our feet. We've dug up some elderly "Dogs" for clearance during our 10th Annual Sale Thursday, Friday and Saturday at low, low

YOU CAN DRIVE A STIFF BARGAIN . . . here if you'll stay with us a while on this group of 15 girls' can can slips with stand-out skirts. NAVY SURPLUS . . . Shouldn't have we found 2 of these men's navy wool melton coats. At all, these four other colors would have been as bad at \$14.98. Sizes 44 and 46. During "dog days" we'll be tickled **\$5.00**

HOW COULD WE PICK A LEMON . . . where only roses were supposed to grow? But we did. Guess we just have the knack of it. Anyhow we find ourselves with one or two but 22 of these girls' brushed rayon blouses (4 to 14). They've been brushed alright—aside, by everybody who's looked at 'em. Tomorrow you'll not see the \$2.98 and \$3.98 price tags but one **\$1.50**

FOR LITTLE NOGGINS . . . these velvet and wool infants' and toddlers' hats that have had a long run at \$2.00. Just try to get it into your noggin that you can get one **79c**

TO TELL THE TRUTH . . . we don't know why you failed to pick up these 3 little girls' cotton challis dusters at \$5.98. Well, tomorrow you can't lose much even if you cut 'em and use 'em for dusters . . . at **\$1.49**

IDDY BIDDY "DOGS" . . . for sale and iddy biddy they are . . . this group of 18 pairs of infants' shoes (sizes 1 and 2) to be reduced tomorrow from \$2.00 to the **50c PR.**

WE'VE GOT A SECRET . . . but don't tell another soul that during "dog days" Thursday, Friday and Saturday you'll find a group of girls' \$3.98 nylon gowns (sizes 4 to 14) reduced to **\$1.88**

NO SPEAK CHINESE . . . to dum tu, but we're not to young to know that we're in a sad fix on this group of 18 pairs of children's shoes. Well, ain't that a sad fix when we've gotta offer you these \$1.98 to \$2.98 "dogs" for **88c PR.**

IDDY BIDDY "DOGS" . . . for sale and iddy biddy they are . . . this group of 18 pairs of infants' shoes (sizes 1 and 2) to be reduced tomorrow from \$2.00 to the **50c PR.**

PICK A PECK OF PRINTS . . . little girls' cotton dresses, that is, and we only got about a bushel that we're gonna have to reduce from \$1.99 to **99c**

FOR SQUARES . . . these 52 x 52 green and white striped lunch cloths originally \$1.48. Tomorrow, just bring your lunch and we'll furnish the cloth for **77c**

TOO MUCH DRAG ON THE RAGS . . . That's the reason we've decided to name a price on these remnants during "dog days" to not more than—**1-2 PRICE**

IT SEES HERE . . . "Front Wraps" for women but guess they're alright for the rear, too or somebody would have mentioned it. Maybe they have and that's the reason we gotta change the price on these 14 garments from \$3.99 to **\$1.66**

GOOD FOR ESKIMOS . . . (we hope) and we may have to head in that direction after "dog days" if we don't unload these 19 women's \$4.98 quilted cotton robes at **\$1.88**

INDIANS GETTIN' RESTLESS . . . Maybe they think we're gonna give 'em back some of this square cloth for a refund. But we're restless too not only about that but four or five hundred yards of these other fabrics including wash cloths, rayon suitings, dotted swisses, broadcloths and prints regularly priced at 79c to \$1.98. Indian think he got trouble? What if he had to try to find buyers for this stuff at—**33c AND 66c YD.**

LITTLE MAN HAS HAD A BUSY DAY . . . so be nice to him during "dog days" when you'll be askin' him about items such as these 14 pairs of boys' \$4.98 oxford in sizes 3 1/2 to 4 1/2. He's offerin' you **\$2.00 PR.**

PATENT MEDICINE . . . and is it bitter when you've gotta pick out a gob of these children's patent leather sandals, etc. and change the price tag from \$2.99 to **\$1.88 PR.**

SNAZZY STOMPERS . . . some of 'em but not many of 'em in that category as we'd like. Guess that's why we turned us down so often when we asked you \$2.99 to \$6.99 for these women's shoes. Many "unusual" styles. We may get stomped but here goes—**\$1.00 2.00 3.00 PR.**

A LITTLE SQUAT . . . might just like a pair of these skirts 'n' ends of \$1.99 house slippers (feet, satins and scuffs, sizes 4 to 3) we're offering during "dog days" at **88c PR.**

THESE ARE TIMES WHICH TRY MEN'S SOLES . . . But it's also very tryin' on our nerves to be workin' like crazy and then look up and see a bunch of "loafers" like these you'll find in this group of men's \$5.99 loafers and oxford just settin' there. Just durn us to try to make **\$3.00 PR.**

IT AIN'T TRUE . . . that we got these 47 women's cotton blouses at a "clip joint" but we'll admit we were "rimmed" by experts. Couldn't fool you though at \$1.49. Well, won't you give us the freight and hand-ling charges or about **66c**

WOMEN TOO WEAK FOR HOUSEWORK . . . you say! Well, men too strong for it either but they'll usually furnish the uniform—a housewife of some description. That "some description" just fits this selected group of 86 "rejects." You rejected 'em at \$2.99 and we selected 'em for "dog days" to offer at **\$1.66**

WE WOULDN'T DARE . . . say that you need new seat covers. But in case, here's a gob of women's regular 2 1/2 nylon panties in sizes S, M, L. Hollywood briefs, they call 'em, but just hope they do at **19c PR.**

SANTA OVERLOOKED THESE . . . but maybe you can do a better job of fillin' 'em anyhow . . . these 104 pairs of nylon stockings and knee lengths. Regularly (when we had any) 79c to \$1.15. Pr. Tomorrow, forget about Santa and just hand **44c PR.**

THE BEST KIND . . . "Silent butlers" bought a dozen and have 10 left. Hammered aluminum supported to sell at \$1.00. Tomorrow, you'll find the price beat down to just **39c**

TAKE IT EASY . . . These are breakable . . . this group of glass lazy suans, relish trays, fruit stands, sandwich trays and cake stands. They have thought they wouldn't be any more to sell at \$1.79 to \$4.49. Well, there ain't. Now they're priced at just half that, or **89c TO \$1.75**

WOMEN'S READY-TO-WEAR (SECOND FLOOR)

WE'RE OUT TO GET YOUR SCALP . . . but only to try to cover it with one of these startling creations. They're the "most" to say the least, and the less said about these women's \$5.95 to \$10.95 hats, the better. Sh-h-h, we won't tell a soul if you'll just hand us—**\$1.00 TO \$3.00**

JUST BEHIND IN THE GRIND . . . on clearing our stock of these 30 women's \$19.99 to \$35 suits. Just pick your "season" and you might be surprised at what you'd find at—**\$8.88 TO \$25**

PUCKERED UPPERS . . . and several of the more tailored variety in this group of women's blouses. We've got 'em for \$2.99 to \$4.99. But, most of 'em such as cottons, crepes, rays and onylons are suitable—just not saleable at \$1.99 to \$8.95. Better send the maid to pick you some of these tomorrow at—**\$1.00 2.00 3.00**

IF YOU JUST WANT TO HORSE AROUND . . . here are some "sheddies" (sheffield woolsen skirts. Originally \$7.95 but during "dog days" we'll try to take you **2.99**

UTTERLY BROOGLY . . . we thought, when we first unpacked these girls' dresses to sell for \$2.99 to \$10.98. Well, time changes every thing except the price tags and we're gonna change them to read—**\$2.00 3.00 4.00**

THEY'RE ALL GOOD . . . (our customers, the is) and laugh with us (or at us) when they subvert winter coats that we've had to reduce from \$10.99 to \$39.99 to our "dog sale" prices of—**\$4.00 TO \$16**

SUCH AN AGREEABLE CUSS . . . kinda' hate to part with this one, a size 14 supposed to get along at \$59.95. But some of you gals may need wintering and would settle for a coat like this for **\$25**

MARVELOUS INTUITION! . . . Just when we're thinkin' about showin' you one of these 3 women's \$49.95 winter coats, you've dun said "no" 'fore you even see 'em. Why not give 'em the once-over lightly tomorrow and see if you'll offer **\$19.88**

OUCH! BOUNCED . . . but guess they've just not got enough "Spring" in 'em—mean these 3 women's toppers, sizes 8 and 10. Didn't have enough to bounce last season at \$24.99. Well, how about **\$12**

GET THE MOOLA, MOMMA . . . and hurry to our "dog sale" beginning tomorrow morning at 9 o'clock sharp. You might even decide on one of these 3 women's \$7.99 quilted dusters for **\$3.88**

IF YOU AIN'T THE "HOT" TYPE . . . here's some warm-up data. Better latch on to this long yellow quilted nylon robe. It's a "sweet 16 and never been missed" (from our stock at \$15.99). Tomorrow, we'll **6.88**

SUPPOSED TO BE A DREAM . . . but it's been more like a nightmare trying to move these 3 leopard coordinates (long sleeve top and blouse with black velvet skirt) at \$10.95. While we're in a good **\$3.99**

NO HOOKS, BUT PLENTY OF EYES . . . on you if you've got good "distribution" good enough to make these more "outstanding" than any. We're referring to these 3 women's full-fashioned nylon sweaters, Cardigan and pullover styles tagged \$5.99 to \$8.95. Tomorrow, we'll overlook your "distribution" if your "contribution" looks good, and it will if it's—**\$2.44 TO \$3.88**

MISGUIDED MISSILES . . . We weren't supposed to get "hit" with these (at least not so hard). But maybe some of you misguided missiles would like to get into the draft and narrow "only" find in this group of 37 regular \$4.98 and \$5.95 nylon and rayon suit (shirts) and re-cover for just—**\$2.00 TO \$3.00**

WE'RE OUT TO GET YOUR SCALP . . . but only to try to cover it with one of these startling creations. They're the "most" to say the least, and the less said about these women's \$5.95 to \$10.95 hats, the better. Sh-h-h, we won't tell a soul if you'll just hand us—**\$1.00 TO \$3.00**

IF YOU JUST WANT TO HORSE AROUND . . . here are some "sheddies" (sheffield woolsen skirts. Originally \$7.95 but during "dog days" we'll try to take you **2.99**

WE FAULTERED . . . when we should have altered the situation concerning these 22 girls' winter skirts supposed to move out at \$3.99 to \$8.99. Don't you failer tomorrow when we alterin' the prices to read—**\$1.88 TO \$3.88**

Salukis Clash with Eastern in Vital Conference Tilt Thursday

CARBONDALE, Ill. — Southern Illinois University's cagers clash with Eastern Illinois at Charleston Thursday night in a vital game in the Interstate Conference's four-way fight for second place.

Northern Illinois currently has the inside track in the battle for second with a 6-3 league mark but will be lucky to win any of its three remaining conference games — two with undefeated Western Illinois (9-0 in the conference) and one with Illinois Normal, currently tied with SIU for third with a 5-4 record.

Winner of the SIU-Eastern Illinois (44 in league play) game will be in an excellent position to at least tie for second place in the conference since the only other conference games for both SIU and Eastern will be bouts with Western and Central Michigan, the bottom teams in the conference, Feb. 28-Mar. 1.

SIU squeezed past Illinois Normal last Friday in a 77-75 double overtime thriller. The next night Southern led Western Illinois (20-1) the entire game until the last minute and 20 seconds. Southern held Western to only 29 points the

Dancey Resigns As Flora Coach

FLORA, Ill. — One of the grand old men of Illinois prep football coaching circles has resigned after 31 years.

Bert Dancey will continue as athletic director and physical education instructor at Flora High School. His successor as football coach has not been named.

In the 31-year span, Dancey football teams won 178, lost 75 and tied 16. The North Egypt Conference was formed two years after he came to Flora and his teams walked off with or tied for the conference championship 10 times. He coached undefeated teams in 1937, 1938 and 1942.

From 1945 through 1947 he also coached varsity basketball and took two teams to state.

Dancey is vice president of the Illinois Coaches Assn. In 1951, he was honored at Flora as Mr. Football.

Dancey played varsity football at the University of Illinois until he was injured. He never got back into the starting lineup because his replacement was one of the immortals of football—Red Grange.

Russell New Rebound Champion Of Pro League

By United Press
Blue-fingered Bill Russell of the Boston Celtics is the new rebound champion of the National Basketball Association.

The six-foot, 10-inch Celtic center shattered the single season record for most rebounds while helping Boston to a 113-111 victory over the New York Knickerbockers Tuesday night.

Russell grabbed 25 rebounds against the Knicks to increase his total to 1,280 in 58 games this season. Maurice Stokes of Cincinnati set the old record with Rochester when he totaled 1,256 in 70 games last season.

A 48-point performance by George Yardley helped the Detroit Pistons snap a three-game home losing streak with a 120-98 triumph over the Syracuse Nationals.

Although he sat out practically the entire last quarter, Bob Pettit netted 31 points in leading the St. Louis Hawks to a 118-98 win over the Minneapolis Lakers.

Carpenters Union President, Two Other Officials Indicted

INDIANAPOLIS (UP)—Prosecutor John G. Tindler charged today Carpenters Union President Maurice Hutcheson apparently played the "dominant role" in an alleged plot to profit on land buying schemes and return kickbacks to officials of the Indiana Highway Department.

Hutcheson and two other top officials of the 750,000-member union refused comment on indictments returned Tuesday, accusing them of bribing the former assistant highway right-of-way director, Harry Doggett.

The Carpenters were accused of plotting with Doggett to make \$81,400 profits on land deals in Lake and Wayne counties. Tindler charged the profits were split five ways to include Doggett, the three Carpenters and former Highway Chairman Virgil (Red) Smith.

The other Carpenters officials were O. William Blaier, vice pres-

ident, and Frank M. Chapman, treasurer.

Tindler said the "common link" between the Highway Department and union officials was the friendship of Hutcheson and Smith, both long time residents of Milan, a small town 75 miles southeast of here.

Last year, the Carpenters officials repaid to the state \$78,000 as their profit on nine of the 10 deals involved in the case—all from transactions on the tri-state expressway route in Lake County.

Five Killed in Chicago Blast at Reynolds Plant

CHICAGO (UP)—A furnace exploded today at a Reynolds Metal Co. plant in McCook, and six men, all workers at the plant were killed.

Three other men were hospitalized for treatment of injuries, and a few others were slightly hurt. A Reynolds spokesman said 85 persons were at work in the plant, which has been working on defense contracts, when the blast occurred.

The explosion set up a fire by breaking a three-inch gas main. Robert E. Jordan, plant personnel manager, listed the dead as:

Edward Vincina, about 35, a foreman, Joliet; Willie T. South, 35, Chicago; David W. Reynolds, 38, Chicago; Woodrow Ware, 39, Chicago; Floyd E. Williams, 35, Morgan Park; Marcell Ferguson, 25, Chicago.

Treated at Hinsdale hospital were Gus West, 47; Minor Smith, 22, Chicago, and Clarence Bloss, 29, Downers Grove.

Reynolds officials were reported flying here from Richmond, Va., to assess the damage.

A spokesman set a preliminary damage estimate of one million dollars.

He said a defective melting furnace touched off the explosion. The firm is engaged in defense work and security restrictions were imposed on the area.

Firemen confined the spectacular blaze to the casting department of the 63-acre plant. The flames were brought under control about one hour after the 3:45 a. m. explosion.

The plant is located in the southwestern Chicago suburb of McCook.

They are Baron de Hirsch Meyer, who recently resigned as president of the Miami Beach Federal Savings and Loan Assn.; Samuel R. Becker, administrative assistant of the association, and Leonard Abess, former director and treasurer of the association. Meyer and Abess posted \$8,000 bonds and Becker \$5,000.

All three surrendered at the U. S. marshal's office Tuesday. A fourth defendant, W. George Kennedy, a former director, was out of the city and apparently did not know of the charges. He was expected to surrender to authorities today or Thursday.

About Town And Country

(Continued from Page One)

different Chinese foods. We spent the day in several of the little shops and felt as if we were in a different world.

"The next week we went to Palm Springs, in the desert about 100 miles from here. Our cousin Ward Walker has a trailer with sleeping accommodations for four people. He pulls the trailer to various locations with a truck. We also have a friend who is related to Ward's wife, and they have a trailer, (mobile homes they are called now), with twin beds, a double bed and bath, so we had the two trailers to live in and spend the week there.

"The larger trailer is kept down there a year at a time, and has a patio with concrete floor and awning with drop curtains, so is very convenient.

"There were couches and chairs and tables on the patio, so six of us in the party had all conveniences. We slept and ate and visited and took several side trips.

"We visited some ultra-modern trailer-home camps where wealthy people who do not want to stay in hotels have the most attractive places you have ever seen. Bing Crosby and Desi Arnaz both have beautiful camps, and there are dozens of others just as grand or perhaps more wonderful.

"All the camps have well kept lawns, pools, flowers, golf courses, recreation halls and all facilities to provide enjoyable living.

"We went to the date and orange groves and attended a lecture on the culture of dates. This is the only place in America where the date cures like it does in foreign countries. They must hand pollinate them, climbing up high ladders, and it is quite a task. The dates grow in large bunches, over which paper sacks are placed to protect them from the light rain and from flies and other insects.

"The trees grow so tall when they are older, the orchardists put ladders on the top, nailing them to the tree, then use another ladder at the bottom to reach the top ladder when they are pollinating and again when they are harvesting.

"Shields is one of the firms which has quite a lot of groves, and they sell about a hundred different kinds, but do not sell to any grocers or merchants.

"I could write so much about the people I have met at some of these places. Next door to us in a modern trailer was a man and his sister. She once had a gift and antique shop in Long Beach where I had visited on former trips to the coast. The man, Ray Chapin, about 65 or 70, is a writer who had contributed to Fish and Game magazine, and for other publications. He lived in Paris, France, for several years, and wrote for papers while there. He was, for a time, city advertising manager for the city of Long Beach.

"Across the street from us was a new trailer, 45 feet long, 10 feet wide, costing more than \$7,000, with the TV, the patio awning and the other extras not included. The owner is a Washington state farmer and he comes down every winter for five months. He makes the trip in a station wagon, pulling a small all-metal 23x8-foot trailer. They are 'rock hounds' and spent a lot of time hunting rocks and desert wood. The big trailer had all conveniences, with a full-size bath tub, and the living room had all-glass doors which made a picture window on both sides. The trailer was carpeted and had draperies.

"We spent the week at this place, and on the way home had just one auto, one truck and the small trailer. We stopped near a big orange grove, unlocked the trailer and all six went in and made our lunch out of the refrigerator, and had a grand time. The refrigerator is electric and is connected at camps. The stove is propane gas, and the tank is carried with the trailer."

"Tomorrow the party has arrived back in the city and more of the trip is told.

Lowell Keel Explains Requirements for Eagle Scout at Meeting of Kiwanis Club

Lowell Keel of Carrier Mills, Sa line county's only Eagle Scout, explained requirements for Scouting's highest award before members of the Harrisburg Kiwanis club last night at the Masonic temple.

Lowell stated he started as a candidate and was on trial until he passed his Tenderfoot tests and became a full-fledged Scout. Through active work he became a second class Scout and then a first class Scout after work on his first merit badges. His Star rank followed more work through merit badges and then a Life Scout with 10 merit badges. His Eagle rank was won after work on a total of 21 merit badges, 11 of which were required and 10 selective.

He explained the various tests and other requirements to advance through the various Scouting ranks and also told of his experience in going into the Order of Arrow where candidates are selected by the Scouts themselves.

He also explained a Scout troop's leadership from the sponsoring church, or other civic group, the troop committee of adult leaders, the Scoutmaster and his assistant, the junior assistant which usually is a boy of the Explorer post or of that age, and then the actual Scout jobs of senior patrol leader, the patrol leader and the boys who make up the patrols.

He urged all adults to take an interest in boys and in their Scout activities.

Lowell was accompanied to the Kiwanis meeting by his grandfather, Carl Vance, of Carrier Mills.

In addition to the Scout address, colors were presented by members of Scout Troop 13, which is sponsored by the First Christian

Storm Dumps 24 Italian Seamen From Lifeboat

NORFOLK, Va. (UP)—A rescue vessel reported today that 24 Italian seamen still were missing in storm-swept waters off the North Carolina coast, where they were dumped from a lifeboat Tuesday before the ship could haul them aboard.

The American liner President Adams radioed that it was continuing a search for the men, but that its own lifeboat had to be abandoned "because of heavy seas." Three members of the Italian crew were rescued during the night.

The ship also reported that the ore vessel Bonitas, abandoned by the missing crewmen Tuesday when it was crippled in a severe Atlantic storm, was still afloat but "down by the head."

Three Navy destroyer escorts, a Coast Guard cutter and a merchant vessel joined the search during the night, the Adams reported. But heavy seas continued and visibility was greatly reduced by a "blinding snowstorm."

Two of the men were saved in a dramatic rescue over the stern of the Adams, according to the message, and the third plucked later. The other 24 drifted away in the darkness.

The search was centered about 150 miles off Cape Lookout, N. C. The liner which was headed for Panama, said the Bonitas was drifting "about two miles from my present position" with two of its holds flooded.

Red Chinese 'Volunteers' to Leave N. Korea

TOKYO (UP)—Communist China and North Korea announced today with withdrawal from North Korea of the Red Chinese "volunteer" troops whose entry into the Korean conflict turned a United Nations victory into a stalemate.

But American officials in Washington and South Korean officials in Seoul called it merely a propaganda stunt aimed at getting Allied troops—mostly American—out of the Republic of Korea. They called it belated acceptance of a 7-year-old U. N. demand.

Visiting Chinese Communist Premier Chou En-lai and North Korean Premier Kim Il Sung issued a joint statement in Pyongyang, the North Korean capital, saying the 300,000 to 350,000 Chinese troops would be withdrawn by the end of 1958. They suggested a U. N. withdrawal as "proof" of Western sincerity in settling the question of a divided Korea.

Their withdrawal would cut the North Korean armed forces by half. American officials noted that a U. N. resolution of 1951 branded the Red Chinese government an aggressor and called upon it then to withdraw its so-called volunteers.

U. S. State Department officials declined even to consider the possibility of withdrawing the U. N. forces from South Korea. They are composed principally of two American divisions, a Turkish brigade and 650,000 South Korean troops.

Republican Wins In Minnesota

MINNEAPOLIS, Minn. (UP)—A Republican, Albert Quie, squeezed out an apparent slim victory in a near-upset election in Minnesota's First Congressional District Tuesday.

But Eugene Foley, the Democratic Farmer-Labor candidate, refused to concede defeat and state chairman Ray Hemenway said a recount may be asked because the vote was so close as to be "inconclusive."

Complete unofficial returns compiled by the United Press gave Quie 44,310, a margin of 656 votes over Foley's 43,654. Foley had surged to an early lead which diminished as balloting drew to a close.

The election was held to select a successor to the late Rep. August H. Andersen, who had served the district for more than three decades.

Quie's narrow margin contrasted sharply with the traditionally strong Republican vote in the district which has not sent a Democrat to Congress for 65 years.

Burns, Allen To Break Up Act

HOLLYWOOD (UP)—George Burns and Gracie Allen comedy team for 35 years, are breaking up the act in May. Gracie is going to retire.

"I have wanted to retire for a long time," Gracie said Tuesday night. "After all, I made my first stage appearance at the age of 4."

George, the cigar-smoking straight man to the unbelievably dumb wife on stage, said his wife of 32 years had had enough of the show business grind, and it was time to take it easy.

But, Burns said he planned to go on in show business. Both as a performer in "some kind of a show" and in directing the activities of his McCadden Co., producers of the Bob Cummings' show and "The People's Choice."
